

Slim Drain Cleaning Tool

ULTRA REACH FLEXIBLE DRAIN BRUSH | 118"

This drain brush features a durable steel wire with PBT to prevent damage to sunroof pipes. Its 118-inch length makes it ideal for cleaning narrow, hard-to-reach spaces, and its flexible design works well in curved tubing. Equipped with soft PBT bristles, it removes debris without scratching. The hand ring design allows for easy extraction.

Key Features

Extended Reach

- 118-inch (300cm) long flexible pipe cleaner with a 10mm diameter for deep cleaning.
- Easily navigates narrow and hard-to-reach spaces.

Versatile Cleaning Brush

- Each box comes with 36 brushes individually packed and each case contains 6 boxes for added convenience.
- Perfect for precise cleaning of delicate drainage systems.

Durable Dredge Tool

- Made from PBT material with an iron wire core for strength and flexibility.
- Gently removes debris without scratching rubber components.

Wide Application

- Ideal for cleaning car sunroofs, door drain holes, gas tank drain holes, and much more.
- Suitable for home use in refrigerators, aquariums, and filter systems.

Product Features

- **Upgraded Design:** High-toughness brush with no damage or scratches to soft rubber sunroof pipes; ensures safer and faster cleaning of thin, long pipelines.
- **Flexible and Long Reach:** Designed to clean narrow and hard-to-reach pipes, even curved tubing, where ordinary brushes fail.
- **Enhanced Drainage Flow:** Effectively removes hair and debris to improve water flow and prevent blockages, perfect for AC lines and other drainage systems.
- **Versatile Applications:** Ideal for cleaning car sunroofs, auto wipers, fuel tank and car door drain holes, skylight drain pipes, refrigerators, fish tanks, hoses, water pumps, and filter systems.
- **Perfect Solution:** Addresses dripping and clogging issues efficiently, ensuring a hassle-free maintenance experience.

Multi-Purpose Usage

Heavy Duty

Car Sunroof

Pipe Drain

Dripping & Plugging

Refrigeration Coils
