

# 18" & 24" | Microfiber Scrubber Mop Heads

These microfiber scrubber mop heads are engineered for commercial floor care applications requiring both agitation and absorption. Featuring a dual-surface design, the scrubber edge helps loosen stuck-on soil while the microfiber body efficiently captures dirt, dust, and moisture. Available in 18" and 24" sizes, they support flexible cleaning strategies across large and small floor areas. Color-coded options help reduce cross-contamination and support organized cleaning programs.

**Color-Coded | Low-Lint, Dry or Damp Cleaning | Washable & Reusable**

## Product Features

- Dual-action microfiber construction for scrubbing & absorption
- Available in 18" and 24" sizes for versatile floor coverage
- Color-coded options (blue, yellow, green, red) to support zone cleaning
- High-capacity microfiber for effective dirt and liquid pickup
- Designed for repeated laundering without performance loss
- Compatible with standard commercial flat mop frames

## Multi-Applications

Hospitality and Food-Service Prep Areas

Corporate and Administrative Offices

Light-Industrial and MRO Workspaces

Healthcare Buildings

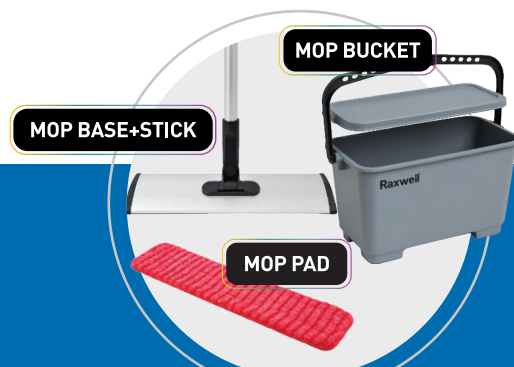

Government Buildings

Education Facilities
